Gladiolus Price List

AUTUMN -- 1940

This List Supersedes All Previous Lists

Please read pages 2 and 3 before making out an order.

CHAMPLAIN VIEW GARDENS

ELMER GOVE

BURLINGTON, VT.

Please Read Carefully

Please do not ask us to change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

EXTRAS ON CASH ORDERS. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not Apply to Collections, Special Offers or Wholesale prices or New Introductions, or those marked "No Discount."**

VARIETIES MARKED "NO DISCOUNT" CAN NOT BE USED AS EXTRAS.

Discounts apply to gladiolus only and not to other articles listed.

TO MAKE OUT YOUR ORDER put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, for bulbs, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one.

Packages of bulblets run from twenty-five to fifty or more. We give very good value.

You can have 3 or more bulbs at the 10 rate, 25 at the 100 rate. But no single items for less than 10 cents.

Please do not send us orders of under \$1.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them. On retail orders of under \$1. please enclose 10 cents for postage.

I GUARANTEE SATISFACTION, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers and growers' collections, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

SPECIAL QUOTATIONS. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another.

REMEMBER in buying bulbs price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want wholesale orders sent by mail it is better to let us send them **C.O.D. for the postage**, then we know the postage is correct and I will give you more than enough bulbs to make it up. People who send stamps or cash for the postage seldom send enough.

On wholesale orders do not ask us to prepay the carrying charges and take out enough bulbs to offset the express or parcel-post. This disrupts the whole office routine and makes us a lot of extra work. On wholesale orders which are not prepaid let us send them **C.O.D. for the postage** or express collect.

ON FAIR SIZED ORDERS, EXPRESS is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

EXTRAS. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

PLEASE give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale tho I usually put in something new to try anyway.

C.O.D. ORDERS—Please do not ask us to send an order C.O.D. without your making a deposit on it. If it is a small order we shall have to ask for a deposit of at least a dollar. Larger C.O.D. orders should be accompanied by 25% of the value. We cannot send out any more C.O.D. orders without at least some deposit.

Premium Bulbs Free

WINSTON Palmer Seedling No. 322016. A large very beautiful, ruffled cream, with slightly deeper cream throat. An exquisite creation that is bound to become very popular with those who can appreciate real beauty. Very early.

SPLENDOR Palmer Seedling No. 34047. Very tall, strong growing pink with white throat. A fine new color, suitable for florist work. Several well placed blooms open. Always straight. A Debonair stem with a really fine flower. Florist visitors to my fields have commented very favorably on this variety.

FREE with a \$15.00 order, a large bulb of either one of the above varieties.

A \$30.00 order will get a large bulb of both.

THIS YEAR I am selling the premium bulbs, also, a thing I have never done before. The bulbs are priced at \$5.00 each. I can imagine a lot of people asking me for \$5.00 worth of bulblets as a premium instead of a large bulb. This we can not give. The premiums are large bulbs as noted above.

WHEN CORRESPONDING ABOUT A PREVIOUS ORDER, PLEASE GIVE ORDER NUMBER. IT SAVES US A LOT OF TIME.

F.O.B. ITEMS. When an order contains both F.O.B. items and retail items unless you give instructions to the contrary we ship them all together in one package F.O.B. but put in extra count and enough extras to more than offset the carrying charges on the retail items. If the order is large and you want the two different classes shipped separate we can do that if you ask us to but many orders contain both retail and wholesale items and it is usually simpler to send them all together.

CERTAIN VARIETIES because of their being new introductions of this year or because I am simply listing them for another grower or for some other reason I have marked "no discount." We do not give any discount whatever on introductions of the current year and there are no discounts on Golden Goddess, a patented variety, and a few others. These are marked in the price list.

The varieties marked "no discount" cannot be used as extras as either they are very limited in quantity or I am listing them for other growers at a nominal commission.

CANADIAN CUSTOMERS have to send to the Destructive Insect & Pest Act Advisory Board at Ottawa for permit to import bulbs.

AT THIS TIME most foreign money is discounted in this country so foreign customers in remitting for bulbs will please send a bank draft on a New York Bank in United States dollars.

NOTES

You will find that I have discontinued some varieties formerly listed. Every year we drop some varieties and add new ones. This is partly because better new varieties are coming along but it is sometimes for other reasons that varieties are dropped, and not always the fault of the variety. For instance, my **PIRATE** got accidentally mixed and I have got to start over with clean stock. **GOLDEN CUP** also got mixed with **RAPTURE** so I am discontinuing that.

Please don't ask me for old varieties not listed here, for if I had them to sell they would be in my price list.

MINUET I don't grow much of this myself as some of the western growers can propagate it more easily than I can. But most every stock of it that I have been able to find is mixed with **BREAK O'DAY**, an early pink variety, and sometimes there are other kinds mixed in for good measure. The growers that I buy from claim their stock is near 100% true but my customers don't say so. For that reason I don't guarantee **MINUET** to be true to name.

ROCKET is the name given to seedling **No. 30112**, a red variety, that has been making a hit all over the country. Many people write me it is the best red they have seen. Last winter some Florida growers tried it as a commercial and said it was better than any other red they had found. I had so many fine reports on it and so many requests to have it named that we have named it **ROCKET**.

"I cut a spike from **BARCAROLE**, sent me as a premium last year, today. It is a good grower with good substance and a real florists glad, I believe in a color that is needed."

—Ted F. Miller, Miller's Nursery and Greenhouse, Hawarden, Iowa

"I can't resist telling you while the flower is still in good shape how much I like the **PALMER SEEDLING 30112 (ROCKET)** you sent me last Spring. When you describe it in your catalog and say 'several blooms' open, I didn't expect to see so many open. I cut it with three florets open and brought it into the house (not into the basement) and there it opened all perfect florets on a strong, tall, straight spike. It seems to me that this flower will certainly be introduced to all other glad growers. It's a beauty."

—Paul Moeller, Alpena, Mich.

"**BEACON** is astonishingly beautiful. I do not know what my number one choice of a gladiolus would be, but I should not blame anyone for putting **BEACON** at the top."

—E. W. Rankin, S. Bridgton, Me.

"I have four plants of **EUPHORBIA** which I got from you and I want to put in some more. It is lovely to mix in with all kinds of flowers as well as gladiolus."

—Margaret Wheeler, Mayland, Mass.

"The four **BEACON** bulbs you sent me have been a joy—They are first choice after **PICARDY**."

—Mrs. H. Stannard, Orleans, Vt.

Special Collections and Sets

The following 5 collections are just the thing for those who don't care to keep the names of the varieties separate, but do want a nice garden of glads. I sell thousands of these collections every year and have a great many fine reports on them. If these bulbs were sold separately under name they would cost several times the price asked as collections.

No. 1. UNLABELED COLLECTION. 100 assorted large bulbs (1¼ inch up) in at least 40 varieties in about every shade in gladiolus. I have sold this collection for years and have thousands of very well pleased customers. I positively guarantee there is not a better collection sold by any grower in the country for anywhere near the price. I get many repeat orders every year from well pleased customers. 100 for \$3.00, 50 for \$1.75, 25 for \$1.00, all prepaid. With each 100 bulbs of this collection I will put in FREE 2 large Carillon, bulbs. This is a very unusual and beautiful variety. Also 1 large Amulet bulb, a beautiful creation.

No. 1a. SAME COLLECTION IN MEDIUM SIZE BULBS. 100 bulbs for \$2.00; 50 for \$1.25. With 100 bulbs will give 2 medium Carillon and 1 Amulet bulbs.

No. 1b. THE SAME COLLECTION IN SMALL BULBS. These may not all bloom the first year, but most of them should and all should make nice large bulbs for the next year.

No. 2. UNLABELED COLLECTION. 100 assorted as above containing 45 varieties and including many of the newer and higher priced ones. A wonderful collection at a moderate price. 100 for \$5.00; 50 for \$2.50, 25 for \$1.25.

No. 3. UNLABELED COLLECTION DE LUXE. 50 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. Nothing better to be had in an unlabeled collection. 100 for \$10.00, 50 for \$5.00, 25 for \$2.50.

NONE OF THE ABOVE COLLECTIONS ARE LABELED AS TO VARIETIES. Don't ask us to give you the names of the varieties in the collections as we positively do not do it at these prices. If you want them labeled, buy them under name. I guarantee the collections to be the best you can buy for the price.

IN THE Following three collections, there are some Palmer unnamed seedlings and other varieties, not described in the catalog. Have no fears about them not being good. They are just as high quality as most of the named varieties on the market.

No. 4. BETTER TIMES COLLECTION. Large Bulbs (1-2 inches in diameter). \$3.00. All labeled. A very fine collection for a beginner or anyone else. Splendid varieties in many types and colors ranging thru many colors. You can't get started in good named varieties in a less expensive way than in getting this collection or one of the next two.

—**Mrs. J. D. Johnson, Illinois**

"**DUNA** and **PICARDY** are two of the most beautiful, but **BOLIVAR** which I got as No. 27271 is an 'Eyeful' **MOTHER MACHREE** is my favorite smokey, while **AIDA** and **PELEGRINA** are the best blues I have."
—**Mrs. E. C. Stevens, Greenfield, Mass.**

No. 42. 50 Cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually two or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size.

I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price and I have a much larger stock of some kinds than of others but you may be assured that you will get big value. **Leave it to me.**

Remember each 50 cent special is only one variety and not an assortment of several varieties or of all of them. Each special consists of various sizes of just one variety. Select as many as you wish. But remember they are 50 cents for each one.

Any five lots for **\$2.25**. Any 10 lots for **\$4.00** or any 15 for **\$5.75**. In addition to this if you buy several lots I will put in something good for you to try out.

Euphorbia Corolata

(FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on most any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

In the northern states I would suggest Euphorbia be planted early in the spring. In the south or where it does not freeze hard, fall planting would be perfectly all right.

Though Euphorbia is easy to handle, and there should be no reason for it not doing well, I have had some complaints about the roots not growing. I don't know why this is because if they are planted at once and given a good watering they should all grow. I have had no trouble with them myself. But in as much as I have had some complaints I no longer guarantee the roots. I do give good strong healthy roots and if given half a chance they should grow but if they do not grow I shall not be responsible.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. **We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment. Can't usually ship roots after May 1st.**

To Southern customers we can ship this fall or anytime during the winter but would advise Northern customers to plant in the Spring.

100 roots \$6.00 f.o.b. with 50 at the 100 rate.

Pure Vermont Maple Syrup

Griddlecakes or Waffles and Syrup. Um! Um!

If you have never eaten the pure unadulterated Vermont Syrup you don't know what you have missed. The black blended concoctions sold throughout the country as Maple Syrup are not to be compared with the real Vermont Syrup any more than Halley is to be compared with Picardy. Then a lot of Vermont Maple products are not of good quality. I am a connoisseur of good syrup and send out only the best grade such as I would eat myself.

Prices are F.O.B. Burlington. A gallon can be sent as far south as Virginia for 35 cents and to the West Coast for \$1.00. The Express companies make a special rate on Maple products. Parcel Post costs much more. A gallon of syrup weighs 13 lbs. packed for shipment.

1 Gallon \$2.50	1/2 Gallon \$1.50	1 Quart 90 cents
A case of 12 Pints \$4.50	A case of 12 Half-pints in glass \$2.50	
MAPLE SUGAR. 2 oz. cakes 60 cents a lb. 5 lb. pail soft sugar \$2.50.

Introductions for 1941

PALMER VARIETIES

WINSTON: Seedling No. 322016, a very beautiful, large, ruffled cream which is the last word in beauty.

TECUMSEH: Seedling No. 33156, a smoky that is different from anything that you ever saw. Petals are ruffled, rolled, and fluted. It has about everything.

PENZANCE: Seedling No. 33204, a very beautiful dark smoky with red blotch.

MUSKOKA: Seedling No. 33312, a very early large smoky salmon that should make a good commercial.

SPLENDOR: Seedling No. 34047, a beautiful rose salmon on a stem even better than Debonair. Very tall, always straight. A fine commercial.

FROM OTHER INTRODUCERS

BOLERO: (Leffingwell) Very heavily ruffled orange with smoky blotch.

——— (Leffingwell) Another fine orange of an entirely different type. This is not named at time of going to press.

Both the above two orange varieties open many at a time and are fine exhibition varieties.

ELIZABETH THE QUEEN: (White) A beautifully ruffled lavender, that is head and shoulders above any other lavender that I have ever seen.

Won at the World's Fair for the most beautiful bloom in the show.

JOYCE: (Hedgecock) An early silvery rose or Apple blossom pink that won the American Home Achievement Medal at the World's Fair. A fine commercial and exhibition variety.

LADY JANE: (Lake) A fine clear cream, opens 8 and should be a good commercial and exhibition variety.

WHITE GOLD: (Scheer) An enormous cream that created a sensation at the Boston show.

There may be others as I am corresponding with two or three other hybridizers about some nice things.

Winnings This Past Season

I am not a Show grower in the sense that I fertilize heavy and give special care to gladiolus for exhibition. However this past season I made an exhibit at Boston and the World's Fair in New York and won the following:

WORLD'S FAIR Silver Medal.

BOSTON

The N.E.G.S. Silver Medal: Special N.E.G.S. Gold Medal. The Seabrook Challenge Trophy, for the most meritorious entry in Displays Section.

Also

The Massachusetts Horticulture Society Silver Medal.

Bulb Storage

If you want advice on storing your bulbs for the winter and have mislaid your instruction sheet that went with your order last spring, drop me a card and I will send you another.

The main points in storing bulbs are as follows:

1. Dry the bulbs as quickly as possible, either in the sun or a cool airy building.
2. In from two to four weeks, when the old bulb comes off easily, take them off and clean the bulbs, but do not take off the husks.
3. After a further curing from two to three weeks, store them away in a cool place for the winter. The cooler the temperature without freezing, the better they will be.
4. If you have had trouble with thrips, take some precautions to get rid of them in one of the following ways.
 - A. Scatter naphthalene flakes over them, with a paper or something over the container to keep the fumes in. And keep them in a warm place for about a month. Then shake the remaining flakes off and store them in a cool place as mentioned above.
 - B. You can soak them in **Delbetar** or **Rototox** any time after digging.
 - C. After the bulbs are thoroughly cured you can soak them in Bichloride of Mercury, but Do Not use Bichloride until the bulbs are thoroughly dry, as it would be inclined to hurt the bulbs.

If the thrips are gotten off the bulbs early in the winter, they will not need any extra treatment in the spring, providing they are not stored near any other bulbs that may have thrips on them.

Either **Delbetar**, **Rototox**, or Bichloride of Mercury should kill all the thrips. But if you should use Bichloride, be sure the solution is fairly warm. The strength, if you use powder is 1 OZ. to 7 gallons of water. If you use tablets, such as you can get at any Drug Store, use a solution of 1000 to 1. Use 8 tablets per gallon of water.

In addition to killing the thrips, Bichloride or **Delbetar** should also help to control any disease that might be lurking on the bulbs.

If you use **Delbetar** or **Rototox**, they are not poisonous and you wouldn't have to be so careful as you would using Bichloride, which is poisonous, and you can use any kind of a container. But if you use Bichloride, use an earthen or wooden container, as it will corrode metal.

NAPHTHALENE FLAKES

If there is any possibility of there being thrips on your bulbs, by all means do something to get rid of them. Of course you know if you had thrips on your plants this summer but sometimes there are thrips in very small quantities that you might not notice so it is always safer to take precautions and get rid of the thrips in the fall before they have any chance of doing any damage to the bulbs. If you have only small quantities of bulbs, that is up to a thousand, Naphthalene Flakes are the simplest thing to use to clean up the thrips. We sell a package of nearly **2 pounds** for **fifty cents**, prepaid. This is enough to treat two thousand bulbs. If you want it in larger quantities F.O.B. here can make you a special price.

Naphthalene is not safe to use late in the season. If used it should be before March 1st.

ROTOTOX

If you will send to the Rototox Company, 813 Yale Street, East Williston, New York they will send you free information on their treatment of glads for thrips. **I do not sell Rototox myself** but you can get it direct for cash from the manufacturers. The prices are as follows prepaid.

Trial oz.....	\$.35	1 Quart.....	\$3.00
8 oz.....	1.00	½ Gallon.....	5.00
1 Pint.....	1.75	1 Gallon.....	10.00
		5 Gallons.....	45.00

Address—Rototox, 813 Yale St., East Williston, N. Y.

DELBETAR

Prices of **Delbetar** are the same as **Rototox**. Send direct to Beckwith Gardens, North St., Manchester Center, Vermont.
